Welcome to the highly desirable town of Milton, where small town meets the perfect location. Milton is close to shopping, freeway access, and it's centrally located, in the midst of a wonderful community of people. This rambler with basement has endless possibilities. The updated quaint home has newer kitchen, windows, and roof. The white kitchen with granite is flooded w/ natural light making it so inviting. On those warm summer nights enjoy the wrap around deck while BBQing, & dine in the sun!
