An open concept home on the largest lot in this community with an extended driveway to fit a total of five cars. Four spacious bedrooms, three of them offering walk-in closets including a primary with a walk-in closet large enough to be considered its own room and a private primary bath. With vaulted ceilings and brand new programmable LED lighting, your great room offers an open kitchen overlooking your dining area and large living room. With the largest lot comes a wrap around yard offering a cozy front yard area and spacious backyard offering two additional sheds for storage and backed to unbuildable land to protect your privacy with no homes built behind you.
