The first level showcases a gourmet kitchen with a quartz island, farmhouse sink, custom wood cabinetry, and Wolf/Sub-Zero smart appliances, seamlessly flowing into the family room. The family room leads out to a paver patio with a built-in Cambridge grill island ideal for indoor-outdoor living and entertaining. The first floor also includes a bedroom, full bathroom, & a separate side entrance. Upstairs, the primary suite is a private retreat with a spa-like bath featuring a large shower, soaking tub, custom vanities, and two walk-in closets. Three additional ensuite bedrooms, including a Jack-and-Jill layout, along with a laundry room, complete the second level. The third level offers an additional bedroom, full bath, and two flexible living areas. The finished basement provides even more living space with a bedroom, full bathroom, and two additional rooms ideal for a gym or playroom. A two-car garage and whole-house Generac generator add convenience and peace of mind.
