This home truly lives large. The heart of the home is an open-concept living, dining, and kitchen space designed for real life, with stainless steel appliances and a large island that naturally becomes the gathering spot. Sliders off the kitchen lead to a freshly painted deck and fully fenced yard, making indoor-outdoor living easy. The first floor offers incredible flexibility with a dedicated laundry/mudroom, a true flex space that works beautifully as a dining room or home office, and a first-floor bedroom - ideal for guests or multi-generational living. Upstairs, you'll find three additional bedrooms and a full bath, rounding out a layout that adapts as life changes.
