This well-proportioned three/four-bedroom family home offers flexible accommodation arranged over two main floors, with the added advantage of a generous cellar providing excellent storage. With its own private entrance and a secluded rear garden, the property enjoys a strong sense of independence, giving it the feel of a house in the heart of central Wimbledon rather than a typical conversion. The internal layout is highly adaptable, allowing the space to be configured as either three or four bedrooms, or alternatively to incorporate two reception rooms, depending on individual needs.

A spacious kitchen/dining room and two bathrooms further enhance the practicality of the home, making it ideal for families, those requiring versatile living arrangements, or anyone seeking dedicated home-working space. It also offers more space than many of the houses on nearby Gladstone Road and Palmerston Road, while providing significantly better storage thanks to the cellar and overall layout. Our clients are in the process of collectively acquiring the freehold to the building. Located on Southey Road, a peaceful residential street, the property is just a short walk from Wimbledon Town Centre. A wide range of shops, cafés, bars, and restaurants are close by, along with well-regarded local schools and excellent transport connections, ensuring convenience and strong appeal for a variety of buyers.
