New apartment with 3 bedrooms, garden and pool in Estoril Cascais Cascais e Estoril Estoril Situated in a quiet and central area of Estoril, this apartment is a ground floor of a development with only two units. The building is located on a more grassy land, not being at road level, which provides more privacy and tranquility. With 3 bedrooms, garden, private pool, garage and private terrace this apartment almost resembles a villa. Another great advantage is the proximity to several points of interest: about 5 minutes walk from the beach, public transport, schools and shops. - REF: CB01-0782
