KNOWSLEY ROAD, LONDON, SW11

An extremely stylish Victorian terraced house, that whilst retaining its pretty exterior, has been cleverly redesigned and refurbished internally to a very high standard, to reflect an attractive and contemporary style. The house offers good entertaining space and at the rear, an integral private studio has been created, which provides additional living accommodation and would be ideal as a "guest suite". Knowsley Road runs off Latchmere Road and is in an enclave of streets that carry no "through" traffic.
