2233 CONDOR RUN

NC 28409

****Proposed construction**** Estimated Completion early 2027. The home welcomes with a gracious entry through a formal foyer into an open living area. The family room with adjoining dining room and nicely appointed kitchen, is adjacent to the screened porch, expanding space and inviting light. Just beyond is the primary suite with a walk-in closet and bath with double vanity and walk-in shower. A guest bedroom and guest bath are nicely located near the front entry, to assure both privacy and quiet. A den, that could easily serve as a third bedroom, opens off the living area through French doors.

**Basement: None,
Garage Count: 2 Car Garage,
Age: New Construction,
Garage Description: Garage**

\$669,500

And, a utility room leads from the garage to the kitchen, easing the day-to-day errand and grocery arrival. This floor plan includes a second floor bedroom with full bath and walk-in closet.
