ODESSA, TX 79762

Wow, this home is adorable! So much space in this three bedroom, two bath home plus a bonus room that would make a great home office or playroom. A huge kitchen, spacious bedrooms, and a great floorplan are some of the awesome features of this home. All duct work as been recently cleaned out as well. The huge trees offer great shade for the West Texas Heat! Call your favorite agent today for your private showing.
