## 6 JAMES STREET

6 JAMES ST, SOUTH RIVER, NJ 08882

Great opportunity to renovate and own this detached single-family home in South River New Jersey. This property is a classic 2-story with a main level featuring the living room, formal dining room, full kitchen, half bathroom, and rear storage/utility space. The second floor contains a full bathroom and 4 sleeping spaces including one with access up to the full height attic. The backyard has a large deck/patio space, the front presents a peaceful porch, and the side has a driveway and side door for access into the basement. House needs full renovation but has great bones and huge potential. Don't miss out on this opportunity to make this home your own.
