This one-story home is pristine and is truly better than new! The open concept floor plan has vinyl plank flooring throughout the living areas. The kitchen has painted cabinets and quartz countertops, as well as a walk-in pantry. The family room is very spacious and has a wall of windows overlooking the backyard. The floor plan includes four bedrooms plus a dedicated home office, which also provides great flex space. Primary suite is fabulous and has a spa-like ensuite bath and two walk-in closets! Not a detail has been missed, inside or out. The front and back yards have been professionally landscaped and have landscape lights in the front and "party" string lights in the back.

Garage Count: 2 Car Garage,
Sewer: Public,
Pool Description: Pool,
