\$1,099,000

A versatile family room or spacious home office offers skylights, a wall of windows, closet space & access to the backyard. A full bath & laundry area add convenience to the first floor. The lovely kitchen showcases pegged wood flooring, granite countertops, tiled backsplash, stainless steel appliances, & a breakfast bar overlooking the spacious dining area. French doors open to the beautiful, covered deck /patio with awning. Upstairs, the primary suite features vaulted ceilings, Palladian windows, multiple closets, and a private bath with jetted tub. Three additional bedrooms & an updated full bath complete the second floor. A walk-up attic provides valuable BONUS finished space ideal for home office, exercise studio & storage. The exceptional property features expansive lawn areas, room for gardening, & enjoyment! A truly special home offering space, style, history, enduring charm!
